iPod® OR USB FLASH DRIVE

Play audio files from your compatible iPod or USB flash drive through your vehicle's audio system. See your Owner's Manual for a list of compatible devices.

Connecting Devices and Playing Audio

1. Pull out the USB adapter cable from the center console.

Connect the USB connector to your iPod cable or flash drive.

2. Press AUX or SOURCE on the steering wheel until iPod or USB mode appears.

3. Press (⏮) (⏭) or (◀) (▶) on the steering wheel to change tracks.

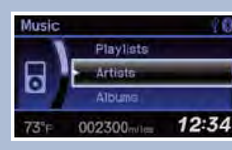
Note: Connect your device only when your vehicle is stopped.

iPod is a trademark of Apple, Inc.

Searching for Music

Use the selector knob to make and enter selections.

1. Press the selector knob to enter the iPod menu or USB folder list.
2. Select a search option or folder.
3. Select an item to begin playing.



BLUETOOTH® AUDIO

Play stored or streaming audio from your compatible phone through your vehicle's audio system. Visit *handsfreelink.honda.com* to check if this feature is compatible with your phone.

Playing *Bluetooth* Audio

1. Make sure your phone is on and paired to *Bluetooth*® HandsFreeLink®.
2. Press SOURCE or AUX until *Bluetooth* Audio mode appears.

3. From your phone, open the desired audio player or app and begin playing. Sound is redirected to the audio system.

   Make sure the volume on your phone is properly adjusted.

4. Press (⏮) (⏭) or (◀) (▶) to change tracks.

Notes:

- You may need to enable additional settings on your phone for playback.
- Remote audio controls and the play/pause function may not be supported on all phones.
- Operate your phone only when your vehicle is stopped.
