# VOICE RECOGNITION (if equipped)

To keep your eyes on the road and hands on the wheel, use voice commands for hands-free calling, navigation, and audio. For a full list of commands, **say** "Information" and "Voice Command Help."

# Key Functions by Voice Command

Control three different systems with the steering wheel buttons and the ceiling microphone.

**HFL Talk button:** Give HFL commands or answer incoming calls.

Navi Talk button: Give navigation, audio, and climate control commands.

**Navi Back button:** Cancel a command or return to the previous screen.

**HFL Back button:** End a call, go back to the previous command, or cancel an operation.

# Voice Command Tips

- **Press and release** the HFL or Navi Talk button, wait for a beep, then give a command.
- For a list of available HFL commands, **press and release** the HFL Talk button and **say** "Hands-free help."
- For a list of available navigation commands, **press and release** the Navi Talk button and **say** "Help."
- Speak in a clear, natural voice.
- Reduce all background noise.
- Adjust the dashboard and side vents away from the microphone in the ceiling.
- Close the windows.

# Commonly Used Voice Commands

Here are some examples of commonly used voice commands. Try some of these to familiarize yourself with the voice command system.

## Press and release the Navi Talk button before you give a command.

## Locate Points of Interest

**Say** a command like "Display restaurant" to see restaurant icons appear on the map.

**Say** a command like "Display gas stations" to see gas station icons appear on the map.

## Press and release the Navi Talk button before you give a command.

## Get Navigation Route Information

After a destination is entered, say "How far to destination?" to hear the remaining distance.

**Say** "Display entire route" to see the routing method the system mapped for your destination.

#### Press and release the Navi Talk button before you give a command.

## Make Audio Selections

**Say** a command like "Radio 97.1 FM" to select that station.

**Say** a command like "CD play track I" to hear that song on a currently inserted CD.

**Say** a command like "Card play" to begin playing audio files from an inserted PC card.

**Say** a command like "Auxiliary play" to begin playing a connected audio device (you cannot use voice commands to control the device).
