

INFORMATION DISPLAY **LX EX EXL**

Consists of several displays that provide you with useful information.

Accessing the Information Display

When you start the engine, the display shows your last active selection from the previous drive cycle.

To toggle between the different displays, **press and release** the select/reset knob repeatedly.

Information Displays

Odometer, outside temperature*

Odometer, estimated range with remaining fuel

Odometer, engine oil life

Trip meter (A or B), current and average fuel economy

* if equipped

MULTI-INFORMATION DISPLAY (MID) **EXLN TRNG**

Each MID display has sub-displays, some of which can be customized.

Accessing the Multi-Information Display

When you start the engine, the display shows your last active selection from the previous drive cycle.

To toggle between the MID displays, **press** either Info button (▲/▼) for the main displays, and **press** the SEL/RESET button for the sub-displays.

MID Main Displays

Compass, odometer, and total travel distance

Trip computer*

Keyless Memory Settings™*

Tire pressure monitor

HandsFreeLink®

* see next page

Trip Computer

While on the Trip Computer display, press the SEL/RESET button to access trip information. Press either Info (▲/▼) button to toggle through the various screens, or the SEL/RESET button for sub-displays.

Press the **Info** button

Press the **SEL/RESET** button
