

NAVIGATION

Entering a Destination

Using Voice Control

Press and release the Talk button before you give a command.

1. Say "Display menu" and "Address."
2. Say "Street," then say the street name on the next screen. Do not include the direction (N, S, E, W) or type (St., Ave., Blvd., etc.).
3. A list of street names appears. Say the number next to the street you want to select.
4. Say the entire street address number, followed by "OK" if necessary. For example, "1-2-3-4 OK."
5. If the street address is in more than one city, a list of city names appears. Say the number next to the city you want to select.
6. The system calculates the route and displays the "Calculate route to" screen. Say "Set as destination" to set the route.

NOTE: If menu options are grayed out, they are only available using voice commands. However, they may be hard to see on screen. It is recommended that you enter your destination before driving or when the vehicle is stopped.

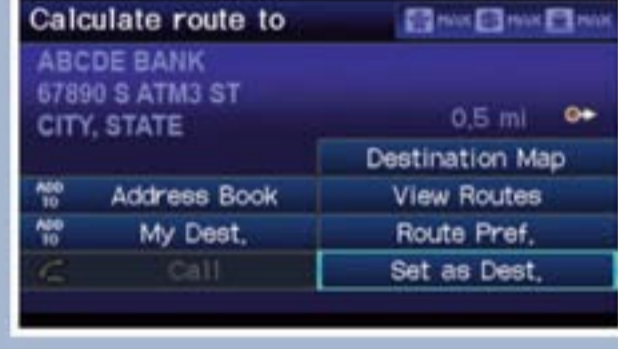

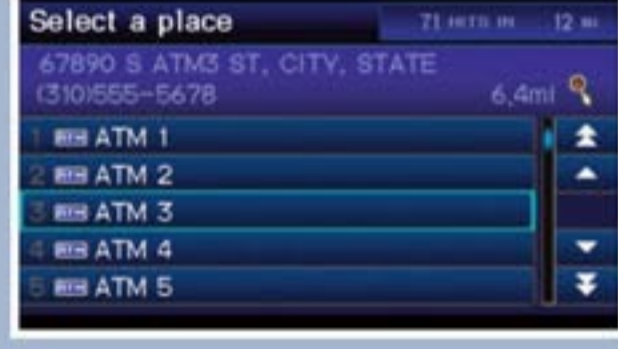

Real-time navigation system uses GPS and a map database to show your current location and help guide you to a desired destination.

Using the Find Nearest Command

Try these simple steps to find a nearby point of interest, such as a gas station, movie theater, restaurant, etc.

Press and release the Talk button before you give a command.

1. Say "Find nearest ATM."
2. A list of the nearest ATMs in your area is displayed by shortest distance to destination.
3. Say the number next to the destination you want to select.
4. The system calculates the route and displays the "Calculate route to" screen. Say "Set as destination" to set the route.

Map Screen Legend

- Calculated route
- Direction of destination
- Distance to go
- Time to go
- Current vehicle location

Turn-by-Turn Directions

Shows a more detailed view of the next maneuvers during route guidance on the multi-information display. See your Owner's Manual for instructions on how to turn this feature on or off.

- Distance to next maneuver
- Upcoming maneuver
- Current route

FM Traffic

Provides continuously updated information, including traffic speed, incidents, and construction in major metro areas. Works in cities where a clear FM traffic signal is available.

Press and release the Talk button before you give a command.

Displaying Traffic Information

Say "Display traffic" to view highway flow data.

NOTE: Traffic flow and incident icons are only displayed on map scales of 5 miles (8 km) or less.

Traffic Icons:

- Incident
- Road closed
- Construction
- Weather

Traffic Rerouting

The system can automatically provide detours around traffic or incidents when a destination is set.

1. Say "Display traffic incidents" to view a list of incidents on your route.
2. Say the number of the incident you want to avoid. When the incident appears, say "Traffic detail."
3. Say "Avoid," and the incident list returns.
4. Say "Reroute" to set the new route.
