NAVIGATION (if equipped)

Real-time navigation system uses GPS and a map database to show your current location and help guide you to a desired destination.

Entering a Destination Using Voice Commands

Set a destination using a street address. For other destination options, see the Navigation Manual.

Press and release the Talk button before you give a command.

1. Say "Display menu." Say "Address."

4. Say the entire street address number, followed by "OK" if necessary. For example, "1-2-3-4 OK."

2. Say "Street," then say the street name on the next screen. Do not include the direction (N, S, E, W) or type (St., Ave., Blvd., etc.).

5. If the street address is in more than one city, a list of city names appears. Say the number next to the city you want to select.

A list of street names appears. Say the number next to the street you want to select.

6. The system displays the "Calculate route to" screen. Say "Set as destination" to set the route.

NOTE: If menu options are grayed out, they are only available using voice commands. It is recommended that you enter your destination before driving or when the vehicle is stopped.

Using the Find Nearest Command

Find a nearby point of interest, such as a gas station, movie theater, restaurant, etc.

Press and release the Talk button before you give a command.

1. From the map screen, say "Find nearest ATM.'

2. A list of the nearest ATMs in your area is displayed by shortest distance to destination.

3. Say the number next to the destination you want to select.

4. The system displays the "Calculate route to" screen. Say "Set as destination" to set the route.
