

NAVIGATION

Entering a Destination Using Voice Commands

Set a destination using a street address. For other destination options, see your Navigation Manual.

Press and release the Talk button before you give a command.

1. **Say "Address."**
4. **Say the entire street address number.** For example, "1-2-3-4." If necessary, say "OK" to proceed.

2. **Say "Street,"** then say the street name on the next screen. Do not include the direction (N, S, E, W) or type (St., Ave., Blvd., etc.).
5. If the street address is in more than one city, a list of city names appears. **Say** the number next to the city you want to select.

3. A list of street names appears. **Say** the number next to the street you want.
6. **Say "Set as destination"** to set the route.

NOTE: It is recommended that you enter your destination before driving or when the vehicle is stopped.

Real-time navigation system uses GPS and a map database to show your current location and help guide you to a desired destination.

Using the "Find Nearest" Command

Find a nearby point of interest, such as a gas station, movie theater, restaurant, etc.

Press and release the Talk button before you give a command.

1. From the map screen, **say "Find nearest ATM."**
3. **Say** the number next to the destination you want to select.

2. A list of the nearest ATMs in your area is displayed by shortest distance to destination.
4. **Say "Set as destination"** to set the route.

Map Screen Legend

FM Traffic

Provides continuously updated info, including traffic speed, incidents, and construction in major metro areas. Works in cities where a clear FM traffic signal is available.

Press and release the Talk button before you give a command.

Displaying Traffic Information

Say "Display traffic" to view traffic flow and icons.

Note: Traffic flow and incident icons are only displayed on map scales of 5 miles (8 km) or less.

Traffic Rerouting

The system can automatically provide detours around traffic or incidents when a destination is set and Traffic Rerouting is turned on in Navi Settings.

1. **Say "Display traffic on my route"** to view a list of incidents on your route.
3. **Say "Avoid"** and the incident list returns.

2. **Say** the number of the incident you want to avoid.
4. **Say "Recalculate route"** to set the new route.

Driver Distraction

To reduce the potential for driver distraction, certain functions may be inoperable or grayed out while the vehicle is moving. You may have to use voice commands, stop or pull over to perform the function.

The chart below shows a list of some operations that are restricted while the vehicle is moving.
