

## MULTI-VIEW REAR CAMERA

For added convenience, the area behind your vehicle is displayed to help you navigate while backing up.

### How It Works

- When you shift into Reverse (R), a real-time image of the area behind your vehicle is shown in the navigation display, along with helpful parking guidelines.
- The display turns off when you shift out of Reverse.

### Switching Views

There are three rearview modes: wide, normal, and top down. **Press** the interface dial to toggle between views.

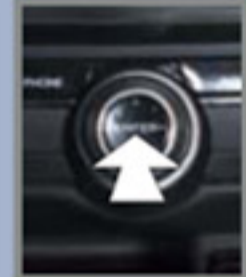

Wide (default)

Normal

Top down

### Camera Settings

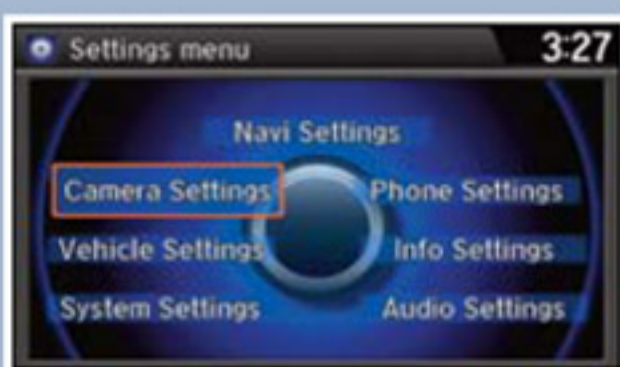

Turn the guidelines on or off.

Use the interface dial to make and enter selections.

1. **Press** SETTINGS.

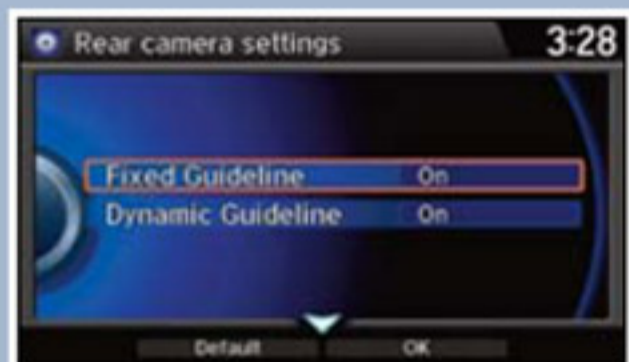

2. **Select** Camera Settings.

3. **Select** Rear Camera.

4. **Select** one of the options.

*Fixed Guidelines:* Guidelines appear when you shift into Reverse. **Select** On or Off.

*Dynamic Guidelines:* Guidelines move as you turn the steering wheel. **Select** On or Off.

5. **Press** BACK to exit the menu.
