How It Works

• Reduce all background noise.
• Speak in a clear, natural voice.
• When using the Talk button, wait for a beep, then say a command.
• To hear a list of available commands at any time, press and release the Talk button. Voice commands are always available.

To keep your eyes on the road and hands on the wheel, use voice commands for hands-free calling, navigation, audio, and climate control. For a full list of commands, see Voice Help.

To reduce the potential for driver distraction, certain manual functions may be inoperable or grayed out while the vehicle is moving.

Voice Commands

• To hear a list of available commands at any time, press and release the Talk button, then say "Help." When the Talk button is pressed, all available voice commands are highlighted in yellow.
• Speak in a clear, natural voice.
• To reduce the potential for driver distraction, certain manual functions may be inoperable or grayed out while the vehicle is moving.
• Adjust the dashboard and side vents away from the microphone in the ceiling.
• Speak in a clear, natural voice.

Voice Command Portal

Commonly Used Voice Commands

Here are some examples of commonly used voice commands. Try some of these for you to say a command.

Repeat a command again, and the system waits for you to say a command.
