

# SETTINGS FOR YOUR VEHICLE

Change different settings for many features in your vehicle. See your Owner's Manual for detailed information on settings and options.

## Adjusting Vehicle Settings

Press **SETTINGS** to enter the Settings Menu. Use the selector knob to make and enter selections.

Choose from the available options:

### **Sound**

Adjust bass, treble, and more.

### **Audio Settings**

Change various settings for audio modes.

### **Info Settings**

Import wallpaper and select clock type.

### **Phone Settings**

Pair a phone, change call options, and more.

### **Clock Adjustment**

Adjust the system clock.

### **Camera Settings**

Change camera modes.

### **Vehicle Settings\***

TPMS calibration, meter setup, door setup, and more.

### **System Settings**

Adjust the display, system language, and more.
