VOICE RECOGNITION

To keep your eyes on the road and hands on the wheel, use the Talk button to say voice commands to operate certain vehicle features.

How It Works

The voice control system uses the steering wheel buttons and the ceiling microphone To reduce the potential for driver distraction, certain manual functions

may be inoperable or grayed out while the vehicle is moving. Voice commands are always available.

incoming call or go to a phonespecific voice portal screen. Hang-Up/Back button: End a call, decline an incoming call, or

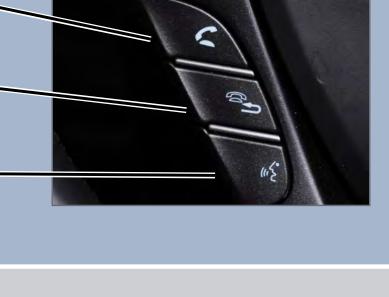

Pick-Up button: Answer an -

cancel an operation. Talk button: Say phone,

navigation, audio, or climate control commands.

• When the Talk button is pressed, all available voice commands are highlighted

Voice Command Tips

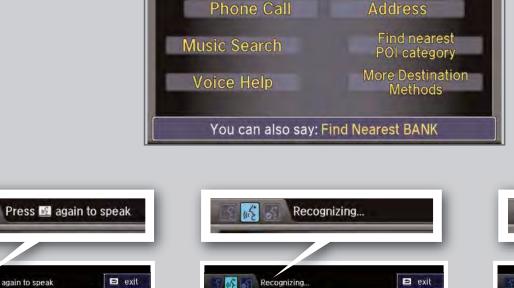

- in yellow. To bypass the system prompts, press and release the Kall Talk button again to say a command. • To hear a list of available commands at any time, press and release the K Talk button, then say "Voice Help."
- Speak in a clear, natural voice.
- Reduce all background noise.
- Adjust the dashboard and side vents away from the microphone in the ceiling. Close the windows.

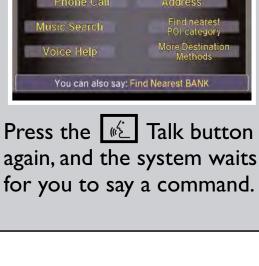

When you press the Talk button from any of the main screens (NAV, PHONE, INFO, AUDIO), the voice portal screen appears and the system gives you examples
