

SETTINGS FOR YOUR VEHICLE

Change different settings for many features in your vehicle. See your Owner's Manual for detailed information on settings and options.

Adjusting Vehicle Settings

Press **SETTINGS** to enter the Settings Menu. Use the selector knob to make and enter selections.

Choose from the available options:

Sound

Adjust bass, treble, and more.

Audio Settings

Change various settings for audio modes.

Info Settings

Import wallpaper and select clock type.

Phone Settings

Pair a phone, change call options, and more.

Clock Adjustment

Adjust the system clock.

Camera Settings

Change camera modes.

Vehicle Settings*

TPMS calibration, meter setup, door setup, and more.

System Settings

Adjust the display, system language, and more.

*Your vehicle must be in Park to access this menu.
