VOICE RECOGNITION

To keep your eyes on the road and hands on the wheel, use the Talk button to say voice commands to operate certain vehicle features.

Voice Control System

The voice control system uses the steering wheel buttons and the ceiling microphone.

Pick-Up button: Answer an incoming call, or go directly to the Phone screen.

Talk button: Give HFL, navigation, audio, or climate control commands.

Back button: Cancel a command and return to the previous screen.

Hang-Up button: End a call or

decline a call.

Voice Command Tips

- To hear a list of available commands at any time, press and release the Kaller Talk button, then say "Help." For a full list of commands, say "Information" and "Voice help," or see your Navigation Manual.
- When using the Talk button, wait for a beep, then say a command. To bypass system prompts, press the Talk button again to say a command. • When the Talk button is pressed, all available voice commands are
- highlighted in blue. Speak in a clear, natural voice.
- Reduce all background noise.
- Adjust the dashboard and side vents away from the microphone in the ceiling.
- Close the windows.

Commonly Used Voice Commands

Here are some examples of commonly used voice commands. Try some of these to familiarize yourself with the voice command system.

Press and release the Karlon before you say a command.
