

PHONE PAIRING QUICK START

You must connect (pair) your smartphone to the vehicle to use the vehicle's hands-free phone function. Pairing can be done only when the vehicle is stopped.

Follow these steps to pair the first phone (no other phones have been paired).

1. Prepare our Phone

For iPhone®, begin here
(iOS® 7 and newer*).

1. Tap Settings (in the dock)
2. Tap *Bluetooth*
3. Ensure *Bluetooth* is turned on
 - Keep the *Bluetooth* screen open

For Android™, begin here
(Version 4 and newer*).

1. Tap the App Drawer (on the home screen)
2. Tap Settings
3. Tap *Bluetooth*
 - Ensure *Bluetooth* is turned on

2. Pair the Phone to the Audio Syst

For audio systems like this, begin here.

1. Press the Phone button **1**
 - Rotate/push the selector knob **2** for the remaining steps
2. Select Yes
3. Select OK
4. Select your phone in the list
 - Compare the pairing codes on the audio system and your phone. They should match
5. Complete the pairing from your phone
 - Some phones will ask to transfer your address book to the vehicle

For audio systems like this, begin here.

1. Select Settings (on the home screen)
2. Select Phone
3. Select *Bluetooth* Device List
4. Select Add *Bluetooth* Device
5. Select Continue
6. Select your phone in the list.
 - Compare the pairing codes on the audio system and your phone. They should match
6. Complete the pairing from your phone
7. (Optional) Enable options: *HondaLink Assist: Phone Synchronization*: Select On to import contacts and call history
8. Select HOME to exit the menu

HANDS-FREE PHONE QUICK START

Once a phone has been paired and its phonebook imported, use audio-unit controls, steering-wheel controls or voice recognition to operate the HandsFreeLink (HFL) phone system.

Follow these steps to learn how to place a call.

For audio systems like this, begin here.

1. Press the Phone button
2. Select Phonebook
3. Select the person's initial
4. Select the name
 - The system will then dial
 - There are other ways to dial, including by voice (requires setup)

For audio systems like this, begin here.

1. Select Phone (on the home screen)
2. Select Phonebook
3. Select a name
 - Select Search to search by letter
 - Use the keyboard to enter a name
4. Select a number
 - The system will then dial
 - There are other ways to dial, including by voice

Basic HFL Operation

Make and receive phone calls using the vehicle's audio system, without handling your phone. Visit handsfreelink.com (U.S.) to check phone compatibility.

To reduce the potential for driver distraction, certain manual functions may be inoperable or grayed out while the vehicle is moving. Stop or pull over to perform the function. Voice commands are also available.

■ HFL Controls

Use the controls to enter information and make selections.

Hang-Up/Back button: End or decline a call, or cancel an operation.

Pick-Up button: Answer an incoming call.

Talk button: Make a call using a stored voice tag, or say voice commands*.

Phone icon button: Press until the phone screen is displayed in the Driver Information Interface.

▲ / ▼ buttons: Scroll the phone list in the Driver Information Interface.

ENTER button: From the phone screen in the Driver Information Interface, select from Speed Dial, Call History, or Phonebook.

*vehicles with navigation

Phone: From the HOME screen, display the phone screen.

BACK: Go back to the previous display.

Settings: Select Phone from the Settings screen for phone pairing and more.

■ Talk Button Tips

For a list of available phone commands. The system recognizes only the commands on the list.

- When using the Talk button, wait until you hear a beep before speaking.
- To bypass the system prompts, simply press the Talk button again to say your command.*
- When the Talk button is pressed, all available voice commands are highlighted in yellow.*
- Speak in a clear, natural voice.
- Reduce all background noise.
- Adjust the dashboard vents away from the microphone on the ceiling.
- Close the windows and moonroof.

Pairing a Phone

To use hands-free phone and streaming audio functions, you must first pair your phone to the system. This can only be done when the vehicle is stopped. Use the touchscreen to make and enter selections.

If there is an active connection to Apple CarPlay or Android Auto, pairing of additional *Bluetooth*-compatible devices is unavailable and Add Bluetooth Device is grayed out from the Bluetooth Device List screen.

- From the Home screen, select Settings.
- Select Phone.
- Select Bluetooth Device List.
- Select Add Bluetooth Device.
- Make sure your phone is in discovery mode. Select Continue.
- The system searches for your phone. Select your phone when it appears on the list.
If your phone does not appear:
Select Phone Not Found and search for HandsFreeLink from your phone. Connect to HFL.
- The system gives you a pairing code. Compare it to the code that appears on your phone. Connect to HFL from your phone.
- The system asks if you want to enable options:
HondaLink Assist: Select On to enable emergency collision notification.
Phone Synchronization: Select On to automatically import contacts and call history from your phone.
- Press BACK to exit the menu.

Applicable laws may prohibit the operation of handheld electronic devices while operating a vehicle.

Making a Call

You can make a call using several methods.

■ Dialing a Number

Enter a 10-digit phone number to call.

Using voice commands

Press the Talk button before you say each command.

1. Say *"Dial by number."*
2. Say the phone number: For example, *"3-1-0-5-5-5-1-2-3-4."*
3. The system begins to dial.

Using the touchscreen

Manual operation is limited while the vehicle is moving. Voice commands are always available.

1. From the Home screen, select Phone.
2. Select MENU.
3. Select Dial.
4. Enter the phone number. Select the green phone icon to call.

■ Using the Phonebook

When your phone is paired, its entire phonebook can be automatically imported to the system. Phone synchronization must be turned on.

Using voice commands

Press the Talk button before you say each command.

1. Say *"Dial by name."*
2. Say the phonebook name and phone type. For example, *"John Smith mobile."*

Using the touchscreen

Manual operation is limited while the vehicle is moving. Voice commands are always available.

1. From the Home screen, select Phone.
2. Select MENU.
3. Select Phonebook.
4. Scroll through the list to find the name and number you want to call, and select it to call.

■ Storing Speed Dial Entries

Store up to 20 numbers for quick dialing.

1. From the Home screen, select Phone.
2. Select MENU.
3. Select Edit Speed Dial, then select New Entry.
4. Select an entry method.
5. If desired, you can create a voice tag for the number. Follow the prompts.

■ Using Speed Dial

Make calls quickly using stored speed dial entries.

Using voice commands

Press the Talk button before you say each command.

1. Say *"Dial by name."*
2. Say the stored voice tag name.
For example, *"John Smith."*

Using the touchscreen

1. From the Home screen, select Phone.
2. Scroll through the list to find the entry you want to call, and select it to call.
