

AUDIO AND CONNECTIVITY

Learn how to operate the vehicle's audio system.

Basic Audio Operation

Connect audio devices and operate the audio system.

■ USB Ports

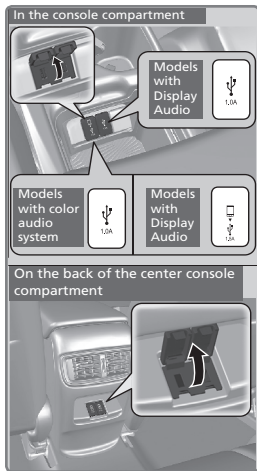

Connect a USB flash drive or other audio device, such as an iPod or iPhone®. Install the flash drive or cable connector to the USB port.

Models with color audio system

The USB port is in the center console and is for playing audio and charging devices.

Models with Display Audio

The USB port (1.5A) is in the center console and is for playing audio, charging devices, and connecting to Apple CarPlay or Android Auto. Additional charging-only ports are on the back of the center console.

iPod and iPhone are trademarks of Apple, Inc.
