# AUDIO AND CONNECTIVITY

Learn how to operate the vehicle's audio system.

### **Basic Audio Operation**

Connect audio devices and operate the audio system.

### USB Port

Connect a USB flash drive or other audio device, such as an iPod or iPhone<sup>®</sup>. Install the flash drive or cable connector to the USB port.

**Models with Display Audio** 

The USB port (1.5A) is located in the front console and is for playing audio, charging devices, and connecting to Apple CarPlay or Android Auto.

An additional port (1.0A) is located inside the center console. It can be used for playing audio and charging devices. You can use the sliding console tray to hold a phone or other small items.

iPod and iPhone are trademarks of Apple, Inc.

### Accessory Power Socket

Open the socket cover in the front console to use power when the vehicle is on.

### NOTICE

Do not insert an automotive-type cigarette lighter element. This can overheat the power socket.

### Cable Management

Connect a cable to a port or socket in the lower front-console tray, then route the cable to the upper front-console tray via the cable guides molded into the rear of the upper tray.

### Wireless Charger\*

Charge your Qi®-compatible device when the vehicle is on.

- 1. Press and hold the power button. A green indicator appears when the charger is on.
- 2. Place the chargeable side of the device on the charge area. The system begins charging the device when the amber indicator appears.
- 3. The green indicator appears when charging is complete. On some devices, the amber indicator may stay on even when charging is complete.

#### Notes:

- This system consumes a lot of power. It is best to charge your device when the engine is running.
- If the indicator light is blinking, there may be an obstacle between the device and charging area, the device may have moved, or the charger is malfunctioning.
- The device may not charge if you are near strong electromagnetic waves, such as at a gas station.
- The device and charging area may get warm during charging. This is normal.

## 

- Metal objects between the charger and the device to be charged will get hot and can burn you.
- Remove foreign objects from the charger before charging the device.

### NOTICE

- Do not attach a metal object to the charger.
- Do not charge when the charger is covered with a towel, layer of dust, etc.
- Do not allow the charger to get wet from water, beverages, etc.
- Do not wipe the charger with oils, alcohol, benzine, thinners, etc. or expose it to aerosols.
- Do not use the charger if it is malfunctioning. In the unlikely event the charger emits smoke, abnormal odors or unusual sounds, stop use immediately.
- Do not place any magnetic devices, credit cards or watches within the charge area while charging. The data on credit cards can be lost and watches may stop working.

#### Steering Wheel Controls

You can operate certain functions of the audio system using the steering wheel controls.

#### Models with information display

**SOURCE button:** Cycle through available audio modes.

+/- buttons: Adjust audio volume.

◀ / ▶ buttons: Change presets, tracks, albums, or folders.

### Adjusting the Sound

Adjust various sound settings.

### Models with color audio system

Use the selector knob to make and enter selections.

- 1. Press the Sound button.
- 2. Select a sound mode to change, and adjust it using the selector knob.
- 3. Press the Back button to exit the menu.

### Models with Display Audio

Make and enter selections using the touchscreen.

- 1. From the audio screen, select MENU.
- 2. Select Sound.
- 3. Select the tabs to change the sound mode and adjust the setting.
- 4. Select OK when complete.

### Models with Display Audio Display Audio Operation

Use simple gestures—including touching, swiping, and scrolling—to operate certain audio functions.

Some items may be grayed out during driving to reduce the potential for distraction. You can select them when the vehicle is stopped.

Wearing gloves may limit or prevent touchscreen response.

You can use a microfiber cleaning cloth to remove dust or fingerprints from the touchscreen.

### Setting Touchscreen Sensitivity

You can adjust the touchscreen's sensitivity to your fingertip.

- 1. From the HOME screen, select Settings, then System.
- 2. Select Display, then Touch Panel Sensitivity.
- 3. Make your selection.

### HondaLink<sup>®\*</sup>

Provides you with useful information about your vehicle directly from Honda.

To check phone compatibility, visit *handsfreelink.com* (. Standard data rates may apply with your phone service provider.

To get more information on HondaLink, visit www.hondalink.com.

If there is an active connection to Apple CarPlay or Android Auto, HondaLink can only be connected through Wi-Fi.

#### HondaLink Connection

Follow the steps below to connect to HondaLink and use its features.

- 1. Download the HondaLink Connect app to your compatible smartphone.
- 2. Pair your phone to *Bluetooth* HandsFreeLink.
- 3. From the HOME screen, select HondaLink.
- 4. Certain features require you to send vehicle information to Honda. Select Enable Once, Always Enable, or Cancel.

#### HondaLink Menu

Select a menu option.

**Places\*:** Display restaurants, gas stations, and other locations. You can send a location to the navigation system and set a route.

**Vehicle:** Get instructional messages when your vehicle needs service.

Help & Support: Display tips for vehicle usage, get roadside assistance, or contact customer service.

**Messages from Honda:** Display helpful and important information from Honda. If you have a new message, a yellow envelope icon appears at the top of the screen and a beep sounds. You can swipe down to view the message from any screen.

Weather: Display a weekly five-day weather forecast for any location.

### Wi-Fi Connection

You can connect the audio system to the internet using Wi-Fi and use online services through the touchscreen. If your compatible phone has hotspot capabilities, the system can be tethered to the phone. Follow the steps below to set up Wi-Fi when the vehicle is stopped. Standard data rates apply with your phone service provider.

- 1. From the Home screen, select Settings.
- 2. Select Bluetooth/Wi-Fi. Select the Wi-Fi tab.
- 3. Select Wi-Fi On/Off Status, and select On.
- Select Wi-Fi Device List. Make sure your phone's Wi-Fi setting is in access point (tethering) mode.
- Select the phone you want to connect to the system. If the phone you want to connect does not appear, select Scan.
- 6. Select Connect.
- 7. Enter a password for your phone, if necessary. Select OK. The Wi-Fi symbol is displayed on the list when connection is successful.

### **Apple CarPlay®**

Connect an Apple CarPlay-compatible iPhone to the system. You can use the touchscreen to make a phone call, listen to music, and more. Visit the Apple CarPlay website for more information.

Park in a safe place before connecting your iPhone and launching any compatible apps.

- 1. Connect the iPhone to the USB port.
- 2. Apple CarPlay requires you to send vehicle information to Honda. Select Enable Once, Always Enable, or Cancel. Your phone may prompt you to allow access for CarPlay to be launched.
- 3. From the HOME screen, select Apple CarPlay.
- 4. Select a menu option.

**Phone:** Access your contacts, make phone calls, or listen to voicemail. While connected to Apple CarPlay, calls can only be made through Apple CarPlay, not through *Bluetooth* HandsFreeLink.

Music: Play music stored on your iPhone.

Maps: View a map and operate navigation with routing guidance.

**Messages:** View and reply to text messages, or have messages read to you aloud by the system.

Once connected, press and hold the Talk button on the steering wheel to operate the system using voice commands with Siri Eyes Free.

Depending on use, Apple CarPlay can share certain vehicle information (e.g., vehicle location, speed, and other operating conditions) with the connected iPhone. See Apple's privacy policy for details regarding Apple's use and handling of data uploaded by CarPlay. Use of CarPlay is at user's own risk, and is subject to agreement to the CarPlay terms of use, which are included as part of the Apple iOS terms of use. CarPlay vehicle integration is provided "as is," and Honda cannot guarantee CarPlay operability or functionality now or in the future due to, among other conditions, changes in CarPlay software/Apple iOS, service interruptions, or incompatibility or obsolesce of vehicle-integrated hardware or software. See dealer for details. Only use CarPlay when conditions allow you to do so safely. See your Owner's Manual on the Owner Information CD or at owners.honda.com (for further license and warranty terms.

### Android Auto<sup>™</sup>

Connect a compatible Android phone to the system. You can use the touchscreen to make a phone call, listen to music, and more. Visit the Android Auto website for more information.

Park in a safe place before connecting your smartphone and launching any compatible apps.

- 1. Download the Android Auto app to your phone.
- 2. Connect the phone to the USB port. The phone is automatically paired. A tutorial also appears.
- 3. From the HOME screen, select Android Auto.
- 4. Android Auto requires you to send vehicle information to Honda. Select Enable Once, Always Enable, or Cancel.
- 5. Select a menu option.
  - Maps (Navigation): View Google Maps and operate navigation with routing guidance. You cannot enter destinations using the keyboard while the vehicle is moving.

- **D** Phone: Make phone calls or listen to voicemail.
- **Home (Google Now):** Display useful information organized by Android Auto into simple cards that appear only when needed.
- Music: Play music from compatible apps. Select this icon to switch between music apps.
- **Return to HOME screen:** Go back to the vehicle system HOME screen.
- Voice: Use voice commands via Google Voice Search to operate Android Auto. You can also press and hold the Talk button on the steering wheel to say voice commands.

Depending on use, Android Auto can share certain vehicle information (e.g., vehicle location, speed, and other operating conditions) with Google and its service providers. See Google privacy policy for details regarding Google's use and handling of data uploaded by Android Auto. Use of Android Auto is at user's own risk, and is subject to agreement to the Android Auto terms of use, which are presented to the user when the Android Auto application is downloaded to the user's Android phone. Android Auto vehicle integration is provided "as is," and Honda cannot guarantee Android Auto operability or functionality now or in the future due to, among other conditions, changes in Android Auto software/Android operating system, service interruptions, or incompatibility or obsolesce of vehicle-integrated hardware or software. See dealer for details. Only use Android Auto when conditions allow you to do so safely. See your Owner's Manual on the Owner Information CD or at owners.honda.com (for further license and warranty terms.

### **FM/AM Radio**

Play FM or AM radio stations.

### SiriusXM<sup>®</sup> Radio\*

Available on a subscription basis only. For more information or to subscribe, contact your dealer, or visit *www.siriusxm.com*.

To learn about additional features—such as multi-channel preset, replay, or SportsFlash—see your Owner's Manual on the Owner Information CD or visit *owners.honda.com*.

### iPod®

Play and operate an iPod through the vehicle's audio system. Connect your device to the USB port.

If an iPhone is connected via Apple CarPlay, the iPod source is unavailable and audio files on the phone can only be played within Apple CarPlay.

### Searching for Music

Use the touchscreen to search for tracks stored on the iPod.

- 1. From the audio screen, press MENU.
- 2. Select Music Search.
- 3. Select a search option.
- 4. Select the track you want to play.

On vehicles with navigation, you can also search for and play iPod music using Song By Voice™.

刀 Music search	12:34
Artists	8
Albums	10.00
Songs	
Genres	
Podcasts	
Composers	×

### **USB Flash Drive**

Play and operate a USB flash drive through the vehicle's audio system. Connect your device to the USB port.

If an iPhone is connected via Apple CarPlay, the USB source is unavailable and audio files on the phone can only be played within Apple CarPlay.

### Searching for Music

Use the touchscreen to search for tracks stored on the USB flash drive.

- 1. From the audio screen, press MENU.
- 2. Select Music Search.
- 3. Select a folder.
- 4. Select the track you want to play.

On vehicles with navigation, you can also search for and play iPod music using Song By Voice.

### **Bluetooth** Audio

Play streaming or stored audio from your compatible phone through the vehicle's audio system. Visit *handsfreelink.com* to check phone compatibility. Standard data rates apply with your phone service provider. Connect your phone to *Bluetooth* HandsFreeLink.

If a phone is currently connected via Apple CarPlay or Android Auto, *Bluetooth* Audio from that phone is unavailable.

### Searching for Music

Use the touchscreen to search for tracks stored on the device.

- 1. From the audio screen, press MENU.
- 2. Select Music Search.
- 3. Select a search category.
- 4. Select the track you want to play.

# Audio menu 12:34 Music Search Sound Setting

#### Notes:

- Make sure the volume on your phone is properly adjusted.
- You may need to enable additional settings on your phone for playback.
- Certain audio controls are not supported on all phones.

Applicable laws may prohibit the operation of handheld electronic devices while operating a vehicle. Only launch streaming audio on your phone when it is safe to do so.

### Pandora®\*

Play and operate Pandora from your compatible phone through the vehicle's audio system. Visit *handsfreelink.com* to check phone compatibility. Standard data rates apply with your phone service provider.

Connect your phone when the vehicle is stopped.

### For iPhone:

- Connect via Bluetooth HandsFreeLink or USB port.
- A pop-up may appear on your phone requesting you to allow access for Pandora to be launched.
- If you cannot operate Pandora through the audio system, it may be streaming through *Bluetooth* Audio. Make sure Pandora is selected on the audio system.
- If Pandora still does not operate, try rebooting the phone and reconnecting the cable if necessary.

### For other compatible smartphones:

- Connect via *Bluetooth* HandsFreeLink.
- If your phone is connected to Android Auto, Pandora is available only through the Android Auto interface. Visit the Android Auto website to check compatibility.

\*Pandora is available only in certain countries. Visit the Pandora website for more information. Applicable laws may prohibit the operation of handheld electronic devices while operating a vehicle. Launch streaming audio on your phone only when it is safe to do so.
