## Honda Sensing™*

Honda Sensing is a driver support system which employs the use of two distinctly different kinds of sensors, a radar sensor located at the lower part of the front bumper and a front sensor camera mounted to the interior side of the windshield, behind the rear view mirror.

- Do not change the position of the radar sensor or any of the surrounding parts.
- Do not apply paint, stickers, or attach nongenuine accessories to the front part of the radar sensor or the surrounding area.
- Be particularly careful that any custom license plate frame or other accessory does not block any part of the radar beam path (see illustration below).

The camera is located behind the rearview mirror.

Front Sensor Camera

Radar Sensor

Do not apply paint, stickers, or attach accessories to the front part of the radar sensor or the surrounding area.

The radar sensor is at the lower part of the front bumper.

These are the components of Honda Sensing:

Adaptive Cruise Control (ACC) with Low Speed Follow (LSF)*: Helps maintain a constant vehicle speed and a set following interval behind a vehicle detected ahead of yours and, if the detected vehicle comes to a stop, can decelerate and stop your vehicle.

Adaptive Cruise Control (ACC)*: Helps maintain a constant vehicle speed and a set following interval behind a vehicle detected ahead of yours.

Lane Keeping Assist System (LKAS): Provides steering input to help keep the vehicle in the middle of a detected lane and provides tactile and visual alerts if the vehicle is detected drifting out of its lane.

Traffic Sign Recognition System: Reminds you of road sign information, such as the current speed limit and that overtaking is prohibited.

Road Departure Mitigation (RDM) System: Alerts and helps to assist you when the system detects a possibility of your vehicle unintentionally crossing over detected lane markings and/or leaving the roadway altogether.

Collision Mitigation Braking System (CMBS): Can assist you when there is a possibility of your vehicle colliding with a vehicle or a pedestrian detected in front of yours.
