

Apple CarPlay™

Models with Display Audio

Connect an Apple CarPlay™-compatible iPhone® to the system via the 1.5A USB port, you can use the audio/information screen, instead of the iPhone® display, to make a phone call, listen to music, view maps (navigation), and access messages.

Phone: Access the contact list, make phone calls, or listen to voice mail.

Messages: Check and reply to text messages, or have messages read to you.

Music: Play music stored on your iPhone®.

Maps: Display Apple Maps and use the navigation function just as you would on your iPhone®.

Models with navigation system

Only one navigation system (pre-installed navigation or Apple CarPlay™) can give directions at a time. When you are using one system, directions to any prior destination set on the other system will be canceled, and the system you are currently using will direct you to your destination.

Depending on use, Apple CarPlay™ can share certain vehicle information (e.g., vehicle location, speed, and other operating conditions) with the connected iPhone®. See Apple's privacy policy for details regarding Apple's use and handling of data uploaded by Apple CarPlay™. Use of Apple CarPlay™ is at user's own risk, and is subject to agreement to the Apple CarPlay™ terms of use, which are included as part of the Apple iOS terms of use. Apple CarPlay™ vehicle integration is provided "as is," and Honda cannot guarantee Apple CarPlay™ operability or functionality now or in the future due to, among other conditions, changes in Apple CarPlay™ software/Apple iOS, service interruptions, or incompatibility or obsolescence of vehicle-integrated hardware or software. See dealer for details. Only use Apple CarPlay™ when conditions allow you to do so safely. See your Owner's Manual at owners.honda.com (U.S.) or myhonda.ca (Canada) for further license and warranty terms.
