BLUETOOTH® HANDSFREELINK ®

How to operate the vehicle's hands-free calling system.

Basic HFL Operation

Make and receive phone calls using the vehicle's audio system, without handling your phone. Visit *handsfreelink.com* to check phone compatibility. Canada customers can phone (855) 490-7351 for any HandsFreeLink® related inquiry.

To reduce the potential for driver distraction, certain manual functions may be inoperable or grayed out while the vehicle is moving. Voice commands are always available.
■ **HFL Displays and Controls**

Use the controls to enter information and make selections.

Models with Color Audio

Pick-up button: Press to go directly to the Phone screen or to answer an incoming call.

Hang-up/Back button: Press to end a call or to cancel a command.

Talk button: Press to call a number with a stored voice tag.

Phone button: Press to go directly to the Phone screen.

Selector knob: Rotate the selector knob to select an item on the screen, then press the selector knob.

Models with Display Audio

Pick-up button:	Press to go directly to the phone screen, or to answer an incoming call.
Hang-up/back button:	Press to end a call, go back to the previous command, or cancel a command.
Talk button:	Press to call a number with a stored voice tag.
Menu button:	Press and hold to display Speed Dial, Call History, or Redial on the phone screen.
< > button:	Press to select an item displayed on the phone screen.
SOURCE button:	Press to call a number listed in the selected item on the phone screen.

■ **Talk Button Tips**

When using the Talk button, wait for the beep before saying a command. The system recognizes commands listed in the Voice Command Index.

- To bypass the system prompts, simply press the Talk button again to say your command.

- Speak in a clear, natural voice.

- Reduce all background noise.

- Adjust the dashboard vents away from the microphone on the ceiling.

• Close the windows and moonroof[*1].

Pairing a Phone

To use hands-free phone and streaming audio functions, you must first pair your phone to the system. This can only be done when the vehicle is stopped. If there is an active connection to Apple CarPlay® or Android Auto™, pairing of additional Bluetooth-compatible devices is unavailable and Add Bluetooth Device is grayed out from the Bluetooth Device List screen.

■ Pairing the First Phone

Models with Color Audio

Use the selector knob to make and enter selections.

1. Press the Phone button.

2. Make sure your phone is in discoverable mode, then press the selector knob. HFL automatically searches for your *Bluetooth*® device.

3. Select Yes.

   The audio system will enter a waiting mode for pairing.

4. When your phone appears on the list, select it by pressing the selector knob.

   If your phone does not appear, select Phone Not Found? , then go to your phone's *Bluetooth*® settings and select HandsFreeLink® from the device list.

   Search for *Bluetooth*® devices using your phone. From your phone, select HandsFreeLink®.

5. The system gives you a pairing code on the audio/information screen.

   Confirm if the pairing code on the screen and your phone match. This may vary by phone.

6. A notification appears on the screen if pairing is successful.

Models with Display Audio

Use the touchscreen to make and enter selections.

1. Select Phone.

2. Select Yes.

3. Make sure your phone is in discoverable mode, then select Continue.

   HFL automatically searches for a *Bluetooth*® device.

4. Select your phone when it appears on the list.

   If your phone does not appear, you can select Refresh to search again.

5. The system gives you a pairing code on the audio/information screen.

   Confirm if the pairing code on the screen and your phone match. This may vary by phone.

■ **Pairing an Additional Phone**

Models with Color Audio

You can pair additional phones in the following steps.

1. Select Phone Setup.

2. Select *Bluetooth*® Setup. Then Add New Device.

3. You will receive a confirmation message. Select Yes.

4. You will then receive another confirmation message. Select OK.

5. Select a Phone. You will receive a pairing code.

Applicable laws may prohibit the operation of handheld electronic devices while operating a vehicle.

Models with Display Audio

To pair other phones, select Add *Bluetooth*® Device from the *Bluetooth*® Device List screen.

Making a Call

You can make calls by inputting any phone number, or by using the imported phonebook, call history, speed dial entries, or redial.

■ Dialing a Number

Models with Color Audio

1. Press the Phone button.
2. Select Dial.
3. Select each digit of the phone number you wish to dial.
4. Select the Phone button to start dialing.

Models with Display Audio

1. Go to the phone menu screen.
2. Select Dial.
3. Enter the phone number using the keypad.
4. Select Phone button to start dialing.

■ Using the Phonebook

When your phone is paired, the contents of its phonebook are automatically imported to HFL.

This method is inoperable while the vehicle is moving.

Models with Color Audio

1. Press the Phone button.
2. Select Phonebook.
3. Select the initial, then the name of the person you wish to call.
4. Select a phone number to start dialing.

Models with Display Audio

1. Go to the phone menu screen.
2. Select Phonebook.
3. Scroll through the list to find the desired name. Or, select Search to type in the name.
4. Select the name to start dialing.

■ Storing Speed Dial Entries

Models with Color Audio

1. Press the Phone button.

2. Select Speed Dial.

3. Select Add New.

4. Select where you will choose the number from:

   From Call History: Select a number from the call history.

   From Phonebook: Select a number from the connected cell phone's imported phonebook.

   From Phone Number: Input the number manually.

5. When the speed dial entry is successfully stored, you are asked to create a voice tag for the number. Select Yes or No.

   If you select Yes, press the Talk button and follow the prompts to say the name for the speed dial entry.

Models with Display Audio

1. Go to the phone menu screen.

2. Select Speed Dial.

3. Select New Entry.

4. Select where you will choose a number from:

   Manual Input: Input the number manually.

   Import from Phonebook: Select a number from the connected mobile phone's imported phonebook.

   Import from Call History: Select a number from the call history.

5. When the speed dial entry is successfully stored, you are asked to create a voice tag for the number. Select Yes or No.

   If you select Yes, select Record to store a voice tag for the speed dial entry.

■ **Using Speed Dial**

Make calls quickly using stored speed dial entries.

Models with Color Audio

1. Press the Phone button.

2. Select Speed Dial.

3. Select an entry.
   Dialing starts automatically.

Models with Display Audio

1. Go to the phone menu screen.
2. Select Speed Dial.
3. Select an entry.
   Dialing starts automatically.
