Wipers and Washers

■ Windshield Wipers/Washers

Pull to use washer.

Intermittent Time Adjustment Ring*
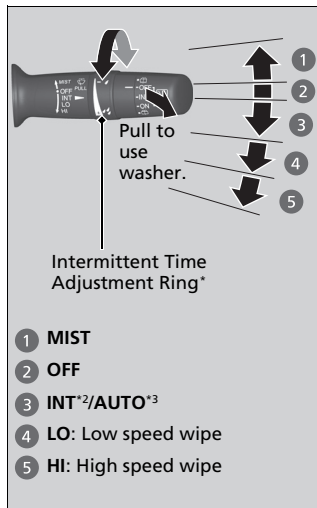

1 **MIST**
2 **OFF**
3 **INT***2/**AUTO***3
4 **LO**: Low speed wipe
5 **HI**: High speed wipe

The windshield wipers and washers can be used when the ignition switch is in ON $\boxed{\text{II}}$ *1.
■ MIST
The wipers run at high speed until you release the lever.

■ Wiper switch (OFF, INT*2/AUTO*3, LO, HI)
Move the lever up or down to change the wiper settings.

■ Adjusting wiper operation*
Turn the adjustment ring to adjust the wiper operation.

Lower speed, fewer sweeps

Higher speed, more sweeps

■ Washer
Sprays while you pull the lever toward you. When you release the lever for more than one second, the spray stops, the wipers sweep two or three more times to clear the windshield, then stop.

*1: Models with the smart entry system have an **ENGINE START/STOP** button instead of an ignition switch.
*2: Models with manual intermittent operation
*3: Models with automatic intermittent operation

* Not available on all models

>> Wipers and Washers

NOTICE
Do not use the wipers when the windshield is dry. The windshield will get scratched, or the rubber blades will get damaged.

NOTICE
Turn the washers off if no washer fluid comes out. The pump may get damaged.

The wiper motor may stop motor operation temporarily to prevent an overload. Wiper operation will return to normal within a few minutes, once the circuit has returned to normal.

Models with intermittent time adjustment ring
If the vehicle speeds up while the wipers are operating intermittently, the length of the wipe interval shortens.
When the vehicle speeds up, the wiper operation's shortest delay setting (🔲) and the **LO** setting become the same.

NOTICE
In cold weather, the blades may freeze to the windshield.
Operating the wipers in this condition may damage the wipers. Use the defroster to warm the windshield, then turn the wipers on.

■ Automatic Intermittent Wipers*

Adjustment Ring

When you push the lever down to **AUTO**, the windshield wipers sweep once, and go into the automatic mode.

The wipers operate intermittently, at low speed, or at high speed and stops in accordance with the amount of rainfall the rainfall sensor detects.

■ AUTO sensitivity adjustment

When the wiper function is set to **AUTO**, you can adjust the sensitivity of the rainfall sensor (using the adjustment ring) so that wipers will operate in accordance with your preference.

**Sensor sensitivity**

− Low sensitivity

+ High sensitivity
>> Wipers and Washers

If the wipers stop operating due to an obstacle such as the build-up of snow, park the vehicle in a safe place.
Rotate the wiper switch to **OFF**, and turn the ignition switch to ACCESSORY Ⅰ or LOCK ０*¹, then remove the obstacle.

>> Automatic Intermittent Wipers*

The rainfall sensor is in the location shown below.

Rainfall Sensor
NOTICE

AUTO should always be turned **OFF** before the following situations in order to prevent severe damage to the wiper system:
- Cleaning the windshield
- Driving through a car wash
- No rain present

Controls

*1: Models with the smart entry system have an **ENGINE START/STOP** button instead of an ignition switch.

 * Not available on all models

■ Rear Wiper/Washer*
1 **INT**: Intermittent
2 **ON**: Continuous wipe
3 **OFF**
4 Washer

Controls

The rear wiper and washer can be used when the ignition switch is in ON $\boxed{\text{II}}$*1.

■ Wiper switch (OFF, INT, ON)
Change the wiper switch setting according to the amount of rain.

■ Washer (⟅⟆)
Sprays on the rear window while you rotate the switch to this position.
Hold it to activate the rear wiper and to spray the washer. Once released, the washer spray will stop and the rear wiper will return to its selected switch setting after a few sweeps.

■ Operating in reverse
When you put the transmission into $\boxed{\text{R}}$ with the windshield wipers activated, the rear wiper operates automatically as follows even if its switch is off.

Windshield Wiper Operation	Rear Wiper Operation
Intermittent	Intermittent
Low speed wipe High speed wipe	Continuous

*1: Models with the smart entry system have an **ENGINE START/STOP** button instead of an ignition switch.

* Not available on all models
