

Your audio system allows you or the front passenger voices to be broadcast to the second and third row seat's passengers using the rear speakers and/or headphones.

How to use

Models with center speaker

Models without center speaker

1. Select .
2. Select **CabinTalk**.
 - ▶ **Models with center speaker**
Select **Speakers** to broadcast to the rear speakers.
 - ▶ Select **Headphones** to broadcast to headphones.
 - ▶ Select **Mic is On** to mute your voice.

» CabinTalk™*

You can also switch to the **CabinTalk** screen by selecting **CabinTalk** on the front control panel for the Blu-ray/DVD rear entertainment system.

Models with center speaker

When **Speakers** is selected, you can adjust the speaker volume by turning the volume knob.
