

Voice Control Operation

Your vehicle has a voice control system that allows hands-free operation. The voice control system uses the  (Talk) button on the steering wheel and a microphone near the map lights on the ceiling.

■ Voice Recognition

To achieve optimum voice recognition when using the voice control system:

- Make sure the correct screen is displayed for the voice command that you are using.

The system recognizes only certain commands.

Available voice commands:

 **Voice Portal Screen** P. 311

- Close the windows and moonroof.
- Adjust the dashboard and side vents so air does not blow onto the microphone on the ceiling.
- Speak clearly in a natural speaking voice without pausing between words.
- Reduce any background noise if possible. The system may misinterpret your command if more than one person is speaking at the same time.

☒ Voice Control Operation

When you press the  button, a helpful prompt asks what you would like to do. Press and release the  button again to bypass this prompt and give a command.

☒ Voice Recognition

The voice control system can only be used from the driver's seat because the microphone unit removes noises from the front passenger's side.

Voice Portal Screen

When the  (talk) button is pressed, available voice commands appear on the screen.

For a complete list of commands, say “Help” after the beep.

Depending on the selected mode, the displayed commands are different on the voice portal screen. The commands recognized are the same regardless of which screen is selected.

Normal Mode: A list of example commands is displayed to quickly complete your desired function.

Assist Mode: A list of basic commands is displayed to guide you step by step through the voice menu.

You can change the mode on the **General Settings** screen.

 **Voice Control** P. 401

The system only recognizes the commands on the following pages, at certain screens. Free form voice commands are not recognized.

General Commands

When the voice portal screen is displayed, it will change to the top screen of each function by using the global commands.

- *Music Search*
- *AM*
- *FM*
- *Sirius XM*
- *Navigation*
- *Phone*

Phone Commands

This can only be used when the phone is connected. When the system recognizes the Phone command, the screen will change the dedicated screen for the voice recognition of the phone.

Phone Commands

- *Call <name>*
- *Call <number>*

The system recognizes an only contact name in the stored phonebook of your phone. If full name is registered in first name field, the system will recognize the first name and last name as one contact name.

Phone commands are not available if using Apple CarPlay.

Audio Commands

When the system recognizes the Audio command, the screen will change the dedicated screen for the voice recognition of the audio.

FM Commands

- *Tune to <FM frequency>*

AM Commands

- *Tune to <AM frequency>*

Sirius XM Commands

- *Tune to SXM <channel number>*
- *Tune to SXM <station name>*
