

Pairing Your Phone

HFL Talk button: Give HFL commands or answer incoming calls.

HFL Back button: End a call, go back to the previous command, or cancel an operation.

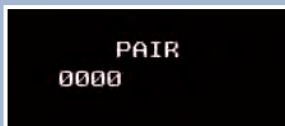

Press and release the HFL Talk button before you give a command.

1. Enable "Discovery" or "Search" mode on your Bluetooth-compatible phone.

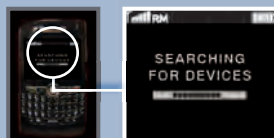

2. Say "Phone setup," then say "Pair."

3. HFL gives you a four-digit code (that also appears on the MID) and begins to search for your phone.

4. Search for a Bluetooth device from your phone, and connect to HFL.

5. Enter the four-digit code on your phone when prompted.

6. HFL asks you to name the phone. For example, say "Mary's phone."

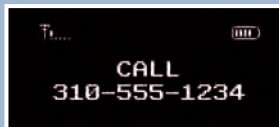

Making a Call

Press and release the HFL Talk button before you give a command.

1. Press the HFL Talk button.

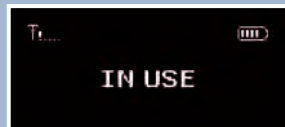

2. Say "Call" or "Dial" and the desired phone number.

3. Press the HFL Talk button, and say "Call" or "Dial" to continue.

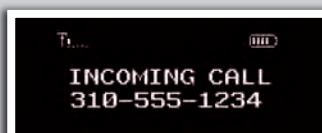

4. The call is connected and heard through the vehicle's speakers.

Receiving a Call

1. A notification is heard and the incoming phone number appears on the MID.

2. Press the HFL Talk button to accept the call.

3. Press the HFL Back button to end or decline the call.

HFL Phonebook

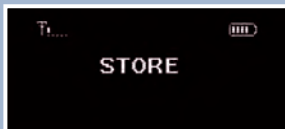

Store up to 50 names and their phone numbers, which can be used as speed dials.

Press and release the HFL Talk button before you give a command.

1. Say "Phonebook."

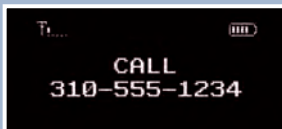

2. Say "Store."

3. Say the name of the contact, and then the phone number.

4. To call a contact once an entry is stored, say "Call Mike."

Cellular Phonebook*

Import your entire cell phone's address book to the navigation system.

Press and release the Navi Talk button before you give a command.

1. Say "Display Information."

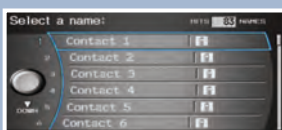

2. Say or select "Import Cellular Phonebook."

3. HFL begins to import your contacts to the system.

4. To call a contact, say "Search Imported Phonebook" and select the name and number.

*not available on all phones
