

# SONG BY VOICE™ (SBV)

Play songs from your iPod and HDD from most screens by using simple voice commands.

## Using the "Play" Command

Press and release the  Talk button before you say a command.

1. Say "Music search."
2. Say "Play" and a song, album, or artist. For example, "Play artist XYZ."
3. The system plays the first song by the artist or the specified song and returns to your original screen.

## Using the "List" Command

Press and release the  Talk button before you say a command.

1. Say "Music search."
2. Say "List" and an artist or album. For example, "List XYZ."
3. A list of tracks by the artist or album is displayed. Say the number of your selection. For example, "One."
4. The system plays the selected song and returns to your original screen.
