

VOICE RECOGNITION

To keep your eyes on the road and hands on the wheel, use the  Talk button to say voice commands to operate certain vehicle features.

How It Works

The voice control system uses the steering wheel buttons and the ceiling microphone.

To reduce the potential for driver distraction, certain manual functions may be inoperable or grayed out while the vehicle is moving. Voice commands are always available.

Pick-Up button: Answer an incoming call or go to a phone-specific voice portal screen.

Hang-Up/Back button: End a call, decline an incoming call, or cancel an operation.

Talk button: Say phone, navigation, audio, or climate control commands.

Voice Command Tips

- When the  Talk button is pressed, all available voice commands are highlighted in yellow. To bypass the system prompts, press and release the  Talk button again to say a command.
- To hear a list of available commands at any time, press and release the  Talk button, then say "Voice Help."
- Speak in a clear, natural voice.
- Reduce all background noise.
- Adjust the dashboard and side vents away from the microphone in the ceiling.
- Close the windows.

Voice Command Portal

When you press the  Talk button from any of the main screens (NAV, PHONE, INFO, AUDIO), the voice portal screen appears and the system gives you examples of voice commands that can be used.

Press the  Talk button again, and the system waits for you to say a command.

The system recognizes your command.

The system confirms the command.

Commonly Used Voice Commands

Here are some examples of commonly used voice commands. Try some of these to familiarize yourself with the voice command system.

Press and release the  Talk button before you say a command.
