

REARVIEW CAMERA

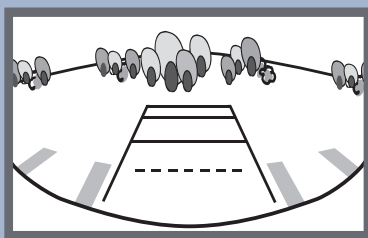

For added convenience, the area behind your vehicle is displayed to help you navigate while backing up.

How It Works

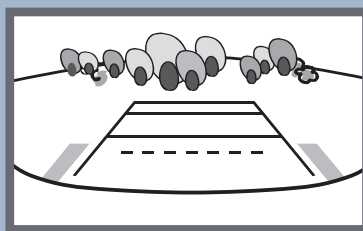

- When you shift into Reverse (R), a real-time image of the area behind your vehicle is shown in the display, along with yellow parking guidelines.
- The display turns off when you shift out of Reverse.

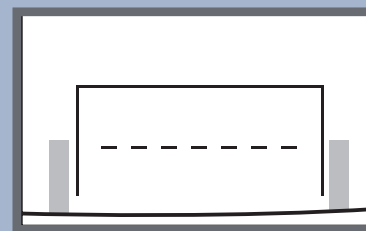

Wide (default)

Normal

Top down

Press the selector knob to toggle between views.

Changing Settings

Turn the guidelines on or off. Use the selector knob to make and enter selections.

1. Press MENU/CLOCK.
2. Select Settings.
3. Select Rear Camera.
4. Select Camera Guidelines.
5. Select On or Off.
6. Press  to exit the menu.

Always visually confirm that it is safe to drive before backing up; the rear view camera display does not provide complete information about all conditions and objects at the rear of your vehicle.
