NAVIGATION

Learn how to enter a destination and operate the navigation system.

**Basic Navigation Operation**

A real-time navigation system uses GPS and a map database to show your current location and help guide you to a desired destination. You can operate the system using voice commands or the touchscreen.

To reduce the potential for driver distraction, certain manual functions may be inoperable or grayed out while the vehicle is moving. Voice commands are always available.

- **Steering Wheel Controls**
  
  Use the steering wheel controls to control the system.

![Image of steering wheel controls]

**SOURCE button**: Press to enter a selection after pressing and holding the MENU button.

**MENU button**: From the map screen, press and hold to display Go Home and other options.

**+ / - buttons**: Scroll the list after pressing and holding the MENU button.

**BACK button**: Press to cancel a command or operation.

**TALK button**: Press to give navigation commands.

**WARNING**

Using the navigation system while driving can take your attention away from the road, causing a crash in which you could be seriously injured or killed.

Operate system controls only when the conditions permit you to safely do so.

*if equipped
Navigation Display and Controls

Use the touchscreen to enter information and make selections.

**HOME**
(screen shown)

**Navi:** Display the map screen.

**MENU:** From the map screen, select various destination options.

**BACK:** Go back to the previous display.

**Info:** Select items such as trip computer, traffic incidents, and more.

**Settings:** Select Navi from the Settings screen for map and navigation options.
**Voice Prompt Volume**

Adjust volume for navigation and voice command confirmation. This does not affect audio or Bluetooth® HandsFreeLink® volume, which is controlled by the volume bar.

1. From the Home Screen, select Settings.
2. Select System.
4. Adjust the level.
5. Select OK when complete.

**Voice Prompt**

Turn the voice feedback feature on or off.

1. From the Home screen, select Settings.
2. Select System.
4. Select On or Off.

**Talk Button Tips**

- When using the Talk button, wait for a beep before saying a command.
- To bypass the system prompts, simply press the Talk button again to say your command.
- When the Talk button is pressed, all available voice commands are highlighted in yellow.
- Speak in a clear, natural voice.
- Reduce all background noise.
- Adjust the dashboard and side vents away from the microphone in the ceiling.
- Close the windows and moonroof.
Navigation

Entering a Destination
Use multiple methods to enter a destination.

**Home Address**
Store your home address in the system so you can easily route to it.

1. From the Home screen, select Settings.
2. Select Navigation.
3. Select Edit Go Home (1 or 2).
4. Enter the address, and select OK when complete.

When your home address is stored, you can press the Talk button and say “Go home” at any time. You can also select Go home from the navigation menu.

**Street Address**
Enter a street address using voice commands. Press the Talk button before saying each command.

You can also enter the address manually when the vehicle is stopped. From the map screen, press the MENU button and select Address. Follow the prompts.

**U.S. models**
1. From the Voice Portal screen, say “Address.”

2. The system prompts you to say the entire address. For example, say “1-2-3-4 Main Street, Los Angeles, California.”

3. The system interprets the address by state, city, street, and address number. If necessary, you may have to clarify similar matches.

4. Say “Set as destination” to set the route.

**Canadian models**
1. From the Voice Portal screen, say “Address.”
2. Follow the prompts.
**Place Category**

Enter a destination or point of interest using voice commands. Press the Talk button before saying each command.

You can also enter the place name manually when the vehicle is stopped. From the map screen, press the MENU button and select Place Name. Follow the prompts.

1. From the Voice Portal screen, say “Place name.”

2. Say a category, for example “ATM/Bank.”

3. Say the name of the place, for example “ABC Bank.”

4. The system interprets the name. If necessary, you may have to clarify similar matches.

5. Say “Set as destination” to set the route.

**Find Nearest Place**

Enter a destination by category and distance using voice commands. Press the Talk button before saying each command.

1. Say “Find nearest” and a place. For example, “Find nearest ATM.”

2. A list of the nearest places in your area is displayed by shortest distance to destination.

3. Say the number next to the destination you want to select.

4. Say “Set as destination” to set the route.
Routing
After a destination is set, you can alter or cancel your route.

</table>
**Taking a Detour**

You can calculate a detour route manually if you encounter a road closure or other obstacle.

1. When en route, press the MENU button from the map screen.
2. Select Detour. The system attempts to calculate a new route by avoiding the next 5 miles (8 km) while on a freeway or 1 mile (1 km) while on a surface street.

**Traffic**

View traffic flow, incidents, and construction in major metro areas. You can also route around congestion or incidents using voice commands. Press the Talk button before saying each command. **Available on U.S. models only.**

1. When en route, say “Display traffic incidents.” A list of incidents on your route appears.
2. Say the number of the incident you want to avoid.
3. Say “Avoid” and the incident list returns.
4. Say “Recalculate route” to set the new route.

**Canceling Your Route**

You can cancel your route at any time.

1. When en route, press the MENU button from the map screen.
2. Select Cancel Route. The route is cleared and the map screen returns. You can also press the Talk button and say “Cancel route.”
