

Intelligent Traction Management System

Adjusts vehicle handling performance while driving on various road surfaces.

Press the Mode button to select one of four appropriate modes. The mode you select appears on the multi-information display (MID).

Normal: Provides balanced driving performance on most road surfaces.

Snow: Use when driving on snowy road surfaces.

Mud*: Use when driving on muddy roads or off-road surfaces.

Sand*: Use when driving on soft, sandy road or off-road surfaces.

Cruise control/adaptive cruise control* is not available when Snow, Mud, or Sand is selected.
