

■ Changing the Power Mode

Use the ENGINE START/STOP button to cycle through power modes or start the engine.

Accessory or On mode: Press the ENGINE START/STOP button once without pressing the brake pedal for Accessory mode. Press it again for On mode.

Starting the engine: Press and hold the brake pedal, then press the ENGINE START/STOP button.

Keep your foot firmly on the brake pedal when starting the engine. If you press the button and the transmission is not in P, the vehicle goes into Accessory mode.

Turning the vehicle off: Select Park (P), press the brake pedal, then press the ENGINE START/STOP button.
