

Voice Control Operation

Your vehicle has a voice control system that allows hands-free operation.

The voice control system uses the  (Talk) and  (hang-up/back) buttons on the steering wheel and a microphone near the map lights in the ceiling.

■ Voice Recognition

To achieve optimum voice recognition when using the voice control system:

- Make sure the correct screen is displayed for the voice command that you are using.
The system recognizes only certain commands.
- Close the windows.
- Adjust the dashboard and side vents so air does not blow onto the microphone in the ceiling.
- Speak clearly in a natural speaking voice without pausing between words.
- Reduce any background noise if possible. The system may misinterpret your command if more than one person is speaking at the same time.

▶▶ Voice Control Operation

When you press the  button, a helpful prompt asks what you would like to do. Press and release the  button again to bypass this prompt and give a command.

▶▶ Voice Recognition

The voice control system can only be used from the driver's seat because the microphone unit removes noises from the front passenger's side.

Voice Portal Screen

When the  (Talk) button is pressed, available voice commands appear on the screen.

For a complete list of commands, say “Voice Help” after the beep or select **Voice Help**.

You can see the list of commands in **Voice Info** on the **Info Menu** screen. Select **Info**, then select .

The system only recognizes the commands on the following pages, at certain screens. Free form voice commands are not recognized.

■ Phone Call

This can be only used when the phone is connected. When the system recognizes the *Phone call* command, the screen will change to the voice recognition screen for phone commands.

- *Dial by Number*
- *Call History*
- *Redial*
- *Call <Your contact Name>*
- *Call <Phone Number>*
- *Call Police*
- *Call 911*

Phone Call commands are not available if using Apple CarPlay.

■ Music Search

This can be only used when the iPod or USB device is connected.

■ Climate Control

When the system recognizes the *Climate Control* command, the screen will change the dedicated screen to the climate control voice recognition screen.

■ Audio

When the system recognizes the *Audio* command, the screen will change to the audio voice recognition screen.

- *Audio On*^{*1}
- *Audio Off*^{*1}
- *Radio FM*
- *Radio AM*
- *Radio SXM*
- *PANDORA*
- *iPod*
- *USB*
- *Other Sources*

Pandora® cannot be used while Android Auto is active.

■ Navigation

The screen changes to the navigation screen.

■ HondaLink®

This can be only used when the phone is connected.

*1: These commands toggle the function on and off, so the command may not match your intended action.

■ Voice Setting

The screen changes to the **Voice Recog.** tab on the **System Settings** screen.

■ Voice Help

You can see a list of the available commands on the screen.

- Useful Commands
- Phone Commands
- Audio Commands
