Voice Control Operation

Your vehicle has a voice control system that allows hands-free operation.
The voice control system uses the 🖳 (Talk) and 🖳 (hang-up/back) buttons on the steering wheel and a microphone near the map lights on the ceiling.

■ Voice Recognition

To achieve optimum voice recognition when using the voice control system:
- Make sure the correct screen is displayed for the voice command that you are using.
- Close the windows.
- Adjust the dashboard and side vents so air does not blow onto the microphone on the ceiling.
- Speak clearly in a natural speaking voice without pausing between words.
- Reduce any background noise if possible. The system may misinterpret your command if more than one person is speaking at the same time.
>> Voice Control Operation

When you press the 🖳 button, a helpful prompt asks what you would like to do. Press and release the 🖳 button again to bypass this prompt and give a command.

>> Voice Recognition

The voice control system can only be used from the driver's seat because the microphone unit removes noises from the front passenger's side.

Features

Features

■ Voice Portal Screen

When the 🚗 (Talk) button is pressed, available voice commands appear on the screen.
For a complete list of commands, say "*Voice Help*" after the beep or select **Voice Help**.

You can see the list of commands in **Voice Info** on the **Info menu** screen. Select **Info**, then select 🖵.

The system only recognizes the commands on the following pages, at certain screens. Free form voice commands are not recognized.

■ Phone Call
This can be only used when the phone is connected. When the system recognizes the *Phone call* command, the screen will change to the voice recognition screen for the phone commands.
- *Dial by number*
- *Call history*
- *Redial*
- *Call <Your Contact Name>*
- *Call <Phone Number>*

Phone Call commands are not available if using Apple CarPlay.

■ Music Search*1
This can be only used when the iPod or USB device is connected.

■ Climate Control*1
When the system recognizes the *Climate Control* command, the screen will change to the climate control voice recognition screen.

■ Audio*1
When the system recognizes the *Audio* command, the screen will change to the audio voice recognition screen.
- *Audio On*
- *Audio Off*
- *Radio FM*
- *Radio AM*
- *Radio SXM**
- *DISC**
- *Pandora**
- *iPod*
- *USB*
- *Other Sources*

Pandora®* cannot be used while Android Auto is active.

■ Navigation*1
The screen changes to the navigation voice recognition screen.

■ Voice Settings
The screen changes to the **Voice Recog** tab on the **System settings** screen.
