

USB Ports

Install the iPod USB connector or the USB flash drive to the USB port.

■ In the console compartment

Models with color audio system

The USB port (1.0A) on the right side is for playing audio files on a USB flash drive, connecting a cell phone, and charging devices.

The USB port (2.5A) on the left side is only for charging devices.

Models with Display Audio

The USB port (2.5A) is for charging devices, playing audio files and connecting compatible phones with Apple CarPlay or Android Auto.

- ▶ To prevent any potential issues, be sure to use an Apple MFi Certified Lightning Connector for Apple CarPlay, and for Android Auto, the USB cables should be certified by USB-IF to be compliant with USB 2.0 Standard.

▶▶ USB Ports

- Do not leave the iPod or USB flash drive in the vehicle. Direct sunlight and high temperatures may damage it.
- We recommend that you use a USB cable if you are attaching a USB flash drive to the USB port.
- Do not connect the iPod or USB flash drive using a hub.
- Do not use a device such as a card reader or hard disk drive, as the device or your files may be damaged.
- We recommend backing up your data before using the device in your vehicle.
- Displayed messages may vary depending on the device model and software version.

If the audio system does not recognize the iPod, try reconnecting it a few times or reboot the device. To reboot, follow the manufacturer's instructions provided with the iPod or visit www.apple.com/ipod.

▶▶ USB charge

The USB port can supply up to 2.5A of power. It does not output 2.5A unless the device requests. For amperage details, read the operating manual of the device that needs to be charged.

Under certain conditions, a device connected to the port may generate noise to the radio station you are listening to.

■ **On the console panel***

The USB port (2.5A) is only for charging devices.

■ **On the back of the console compartment***

The USB ports (2.5A) are only for charging devices.

■ **On the left side of the third row seats***

The USB port (2.5A) is only for charging devices.

* Not available on all models

►► USB Ports

■ **USB Port (2.5A)***

This port is for battery charge only. You cannot play music even if you have connected a music player to it.

Auxiliary Input Jack

Models with color audio system

Models with Display Audio

Use the jack to connect standard audio devices.

1. Open the **AUX** cover.
2. Connect a standard audio device to the input jack using a 1/8 inch (3.5 mm) stereo miniplug.
 - ▶ The audio system automatically switches to the AUX mode.

»Auxiliary Input Jack

Models with color audio system

You can return to AUX mode by pressing the **MEDIA** button.

Models with Display Audio

You can return to AUX mode by selecting the audio source icon on the audio/information screen.

You cannot use the auxiliary input jack if you replace the audio system.
